INDIGENT SOLDIERS' ACCOUNT.

The amount paid for aid to indigent soldiers and their families shows an increase of $1,969.12 over last year. As the law of 1885 was repealed by the last legislature, we would call the attention of selectmen and overseers to the law passed relating to this account:

AN ACT in relation to aid furnished indigent soldiers, and providing for entrance to the soldiers' home, in certain cases.

Be it enacted by the Senate and House of Representatives in General Court convened:

SECTION 1. Chapter 41 of the session laws of 1885, entitled "An act for the relief of poor persons who have served in the army or navy of the United States, and their dependent families," and chapter 45 of the session laws of 1887, in amendment of said act, are hereby repealed.

SEC. 2. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States in the war of the rebellion, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow, or minor children, or such of said children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home or such place other than a town or county almshouse as the overseers of the poor or the county commissioners shall deem right and proper,—*provided*, that no per-

son shall receive aid under the provisions of this act unless he has resided in this state three years or more before making application for such aid; and *provided*, that any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, that he is incapacitated to perform manual labor; and *provided*, that no person shall, while receiving aid under the provisions of this act, use intoxicating liquors to an extent which will render him incapable of working at his usual occupation; and *provided*, that any person receiving aid under the provisions of this act, who receives a pension from the United States government, shall, while receiving such aid, apply such pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied; and *provided*, that no person receiving aid under the provisions of this act shall sell any articles furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the benefit of this act. Neglect by any person applying for or receiving aid under the provisions of this act to comply with the foregoing provisions and conditions, shall relieve the town or county liable for such person's support from the provisions of this act so far as such person is concerned, and such person may be supported at the town or county almshouse.

Sec. 3. The county commissioners, or the overseers of the poor of any town, may require any person applying for aid under the provisions of this act, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or, if admitted, refuses to go to said soldiers' home, the county or the town shall be relieved from the provisions of this act so far as such person is concerned, and he may be supported at the county or town almshouse.

SEC. 4. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed, and this act shall take effect upon its passage.

Approved April 7, 1891.

PAUPERS AWAY FROM FARM.

The expense under this account is about the same as that of the preceding year. Our county has been quite reasonable with this class. Many of them are aged persons, and have lived for years in the town of their abode, and would go destitute rather than go to the farm, where they could be better cared for. Another class are those with families, who through sickness or other causes are obliged to call for temporary relief. We do not think the county farm the proper place for children. and therefore relieve them, if surrounded by good influences, at their homes. We desire that in all cases where the county is to bear any expense, that the overseers of the poor shall notify the commissioners promptly, as in many cases expense may be saved by so doing.

FARM.

The number of inmates, and expense per week, will be found in the superintendent's report. Mr. and Mrs. Tasker have been in charge during the past four years, and to them and their assistants we wish to return thanks for the care given to the large number under their charge. The care of an institution of this kind requires kindness and patience on the part of the management, and we believe that those who are unfortunate find it here. As will be seen, by reference to the proceedings of the county convention, the building of a barn was authorized. This work is in progress, and when completed the county farm buildings will all be as good as could be desired. Residents of the county are invited to visit the farm.

JEREMIAH A. CLOUGH,
County Commissioners.

SOLICITOR'S REPORT.

To the County Commissioners:

GENTLEMEN:—I herewith submit my second annual report.

The whole number of indictments found by the grand jury at the October term, 1890, was nineteen, and at the April term, 1891, thirty-two. They have all been satisfactorily disposed of, by sentences of imprisonment or fine, or otherwise, except two or three cases in which the respondents have escaped or have not been arrested. and two cases which have been necessarily continued to the next term, on account of sickness.

Under the instruction of the grand jury at the last term, I shall probably file an information against the town of Allenstown, for not keeping a certain highway in proper repair.

I have furnished a brief in the only State case on the law docket, and it will probably be decided at the June term of the court.

The civil case of Merrimack County *v.* Concord, referred to in my last report, has been determined, as I am informed, in favor of the defendant. There are no other civil cases now pending in which the county is interested.

I have received no money belonging to the county.

R. E. WALKER, *Solicitor.*

CONCORD, N. H., April 30, 1891.

Boscawen, N. H., May 1, 1891.

To the Commissioners of Merrimack County:

During the past year there has been more sickness at the jail than in the preceding years of my service. A few of the prisoners were quite sick,—so sick as to forcibly remind me that there are no appropriate accommodations in this institution for the proper care and treatment of those suffering from disease.

Certainly, a cold, damp, gloomy stone cell is not an aid in the treatment of a tuberculous lung, nor a source of benefit to a shattered constitution. We cannot expect good results from drugs in the presence of such surroundings. I would, therefore, earnestly recommend that you devise some means whereby

the sick may receive all necessary attention. One ward of the division now reserved for the women might be furnished with an additional bed, and utilized for this purpose. This, I think, would be practicable and sufficient for all ordinary requirements.

I am highly pleased with the commendable improvements now being made. Stoves have long since outlived their usefulness here, the bath-tub fills a much needed want, and the brightness of the newly-whitened walls and ceilings relieves the gloomy aspect of the darkened interior.

Such radical changes bespeak the humane kindness with which you guard the penal institutions under your charge.

D. E. SULLIVAN.

Concord, N. H., May 1, 1891.

AUDITORS' REPORT.

We have carefully examined the accounts of the county commissioners and the treasurer, and find them correctly cast and properly vouched.

The purchases have been made at a fair market price, and have been used strictly for county purposes.

CHARLES W. STONE,
